

Almond Cooler

We love our coffee served iced cold with Alpro Almond Drink

Preparation

1. Make enough strong coffee to make 24 ice cubes. Allow to cool before filling the ice-cube tray and freezing for at least 4 hours.
2. Pulse / mix the 1 litre chilled Alpro Almond Original with 16 coffee ice cubes, cocoa powder, mint leaves and maple syrup.
3. Taste and add extra mint leaves and / or maple syrup if you want. Pour into four chilled glasses and add finish off by adding the remaining coffee ice-cubes. Awesome!

4 portions

10min

Ingredients

- Strong black coffee - enough to make 24 ice-cubes ~ 600 ml
- 1L Alpro Almond Original drink, chilled
- 4 tbsp cocoa powder
- Handful fresh mint leaves
- 4 tbsp maple syrup

Made with

Almond Original Chilled
